OBITUARY.

It is with the deepest sorrow that we have to record the death, on September 24th, 1939, of Frederick William Clement.

He came to the School in January 1933, as a boarder in Roden, and passed from there to Otway House in 1934.

All those who knew him well will regret profoundly the loss of a loyal friend, whose enthusiasm for the School and its activities was infectious. His unfailing cheerfulness and good-fellowship will ever be a cherished memory.
