HOUSE NOTES.

NORTH TOWN.

“What can be done shall be done.”

THIS long term is now drawing successfully to a close and, having worked steadily through a dozen weeks, we are eagerly looking out for those unmistakable signs—masters with report sheets, notices concerning the “Brentwoodian,” sing-song rehearsals and the rest—which indicate clearly that the final chapel service is pleasantly near. Let us wish the best of luck to those of us taking the School Certificate and hope that they will be as successful as the North Towners who sat for the exam in July. Roebuck (i) is to be heartily congratulated on coming first in the School’s results.

Our trawler fund has been a great success. Owing to the conscientious way in which some of our seniors collect the money, a steady flow of contributions has been coming in. Besides pecuniary subscriptions, chocolate, “thrillers” and knitted comforts have also been forthcoming and our regular parcels to the “Pine” are much appreciated. Early in the term it was learnt that Hugh Drake had been commissioned and was leaving the minesweeper for another ship. It was decided, however, to continue sending our comforts to the trawlermen and this we have done. Let us try, in the future, to maintain as steady a flow of parcels for the “Pine”.
