

It was decided at the beginning of the term to re-introduce West Town with Mr. Gibson as housemaster. His place as housemaster of South was taken by Mr. Hodgson.

* * * * *

N. A. Pike is to be congratulated on securing an open organ scholarship to Selwyn College, Cambridge.

HOUSE NOTES.

NORTH TOWN.

"What can be done, shall be done."

WE came back to School this term flushed with the triumph of having won the Senior Football Cup for the second successive year. Since then, there has been another series of Senior House matches in which we have finished second, after East had defeated us in a close game by the score of 3 goals to 2.

We congratulate R. C. Stevenson on being awarded his full-colours at football, and also G. G. Allen on gaining his half-colours. B. Valentine and D. Betts are regular players for the 2nd XI.

In the Middles Red Cross Football Competition we were unfortunately knocked-out in the first round by Mill Hill.

North's squash team was defeated by Mill Hill, but we hope that the Gym. team, who have practised consistently, and the Cross-country running team will be rewarded with more luck in their efforts.

Owing to the reorganisation of the houses, we lost A. A. Buchanan to East Town and his place as one of North Town's half-praeposters has been taken by R. C. Stevenson.

Midway through this term we learned with great regret that H.M.S. Pine had been sunk. North Town had been supporting this ship for the past three years, the scheme having originally started through an ex-North Towner, Sub Lieutenant Drake being aboard. Only the week previous to the sinking, we had received a letter of thanks from them for our Christmas parcel, although they were still awaiting the arrival of the tobacco. We extend our most sincere sympathies to the relatives of men who lost their lives.
